Oral presentation												
Read stories, songs, rhymes												
Use of dictionary												
Describe people, places,												
things and actions												
Basic Grammar structure												

## \* LKS2 Geography taught discretely at NPS:

Using and making maps

Exploring the world and the wonders of the world

The UK cities and counties

A study of the Lake District (compared to the Broads)

Europe - countries overview and study of Poland

Landscapes and physical geography - volcanoes, earthquakes, the water cycle, erosion.

Biomes and vegetation belts - comparing rainforests, deserts and savannah.

Continued...

Place knowledge - compare a region of the UK with a region in North America and South America

Locational knowledge - identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the

Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night).

Human and physical geography: physical geography - climate zones and human geography - land use, economic activity including trade links
and the distribution of natural resources including energy, food, minerals and water.

## UKS2 Geography taught discretely at NPS:

Location of water resources
Lines of longitude and latitude
Economic activities
World biomes
UK land use, and their changes
Grasslands and tundras
Earthquakes, volcanoes
World countries
World boundaries
Cities in Europe
Human Geography in The Americas
Flooding
Main UK cities
UK regions and economic activities
